

Regencia

| What is Regencia ?

Regencia is an international asset management firm providing secure, valuable, and profitable placement opportunities to clients all over the world.

| Our vision

Regencia's vision is to multiply the income generated by the assets entrusted to our care.

Hence we often advise our customers to open a company offshore, enabling them to preserve the generated revenues.

| Our offshore company offer

Selecting the right jurisdiction, following the local financial laws of these jurisdictions as well as selecting the right partner to trust and work with in order to setup the company can rapidly become overwhelming.

Therefore Regencia can also support you to :

- Select the appropriate jurisdiction to incorporate in
- Open offshore company
- Get your offshore bank account
- Relocate your corporate residency

Optional :

- Relocate your personal residency
- Open a personal bank account

| Start growing with Regencia today

Since each client has his set of activities, challenges and aspirations, an initial consulting session* will be conducted before advising and quoting the right solution to offer.

Submit your details to contact@regencia.info to book a consulting session with one of our team members.

* 450 Euros / session
(maximum 2 hours)
